

LR FINESSE RECESSED KIT

LINEARlight Rigid FINESSE – Accessories |

Avantages produits

- Large set of accessories for installation
- Recessed kit for installation on false ceiling
- Wall arms for holding fixture in place
- Metal clip for surface installation
- Kit for pendant installation
- Indoor and outdoor jumper for daisy chain connection
- Indoor and outdoor power cable: 5 m
- Outdoor male and female terminals for ad hoc cabling

Fiche de données produit

Fiche technique

Données électriques

Type de courant	Courant direct (DC)
-----------------	---------------------

Dimensions & poids

Poids du produit	36000 g
Longueur	1600 mm
Largeur	62 mm
Hauteur	32 mm

Données logistiques

Nomenclature douanière	73269098900

Fiche de données produit

Ecodesign regulation information:

- This product is considered to be a "containing product" in the sense of Regulations (EU) 2019/2020 and (EU) 2019/2015.
- Tolerances of the reported values, are according to LED Modules Performance standard IEC/EN 62717.
- In general, the replacement of the contained light sources without permanent damage to the product with the use of common available tools is possible in the final application when they can be dismantled from the installation environment and substituted for the necessary number of light sources restoring its full electrical/mechanical/thermal/optical functionality by means of a professional installer. In the contrary, and limited to the LINEARlight Flex Diffuse, LINEARlight Rigid Finesse, GINO LED Flex Diffuse and LUMINENT Milky product families, the contained light source is an integrated part of the containing product and its removal can only be done by causing a permanent damage to the containing product due to its tight mechanical, electrical, optical, thermal interaction and/or environmental protection with or from the containing product. Therefore, a replacement of the light source with the use of common available tools is not justified.
- Dismantling of light sources from containing products at end of life: Containing products with light sources which are scalable in length can be cut to the length of the contained light source and if applicable mechanically detached from protective and/or optical covers. Containing products shall be separated from building material and/or from other additional mounting accessories by means of a professional installer. Separate control gear and light sources must be disposed of at certified disposal companies in accordance with Directive 2012/19/EU (WEEE) in the EU and with Waste Electrical and Electronic Equipment (WEEE) Regulations 2013 in the UK. For this purpose, collection points for recycling centres and take-back systems (CRSO) are available from retailers or private disposal companies, which accept separate control gear and light sources free of charge. In this way, raw materials are conserved and materials are recycled.

Données logistiques

Code produit	Description produit	Unité d'emballage (Pièces/Unité)	Dimensions (longueur x largeur x hauteur)	Volume	Poids brut
4052899618091	LR FINESSE RECESSED KIT	Carton de regroupement 5	1652 mm x 192 mm x 37 mm	11.74 dm ³	2160.00 g

Le code produit mentionné décrit la petite quantité d'unité qui peut être commandée. Une unité peut contenir un ou plusieurs produits. Lorsque vous passez la commande, merci de bien vouloir entrer une unité ou un multiple d'une unité.
