

BATTERYstart 200

Jump starters

Engine size compatibility

To jump start 12 V vehicles with up to 3 L petrol engines

Battery Power

Powerful 6000 mAh Lithium Cobalt battery

Powerbank-Function

Charging electronic devices including smart phones and tablets

Compact and powerful lithium jump starter with power bank feature

The OSRAM BATTERYstart200 is a powerful 6000mAh Lithium Cobalt jump starter for 12V vehicles up to 3L. It can also provide power for other electronic gadgets with a power bank feature that works through USB cables.

An easy way to jump start your car, the BATTERYstart200 protects the user, jump starter and the vehicle with its connect system which features anti-spike, reverse polarity and short circuit protection.

The BATTERYstart200 is compact enough to fit into the glovebox and weighs only 300g, making it easier to carry and use than the older models of jump starters.
